Policy statement provided by the State Auditor's Office. 2007-13

Signature Stamps and electronic Signatures. Can an official use a signature stamp or an electronic signature?

Yes. There is no legal prohibition of an official using a signature stamp, and in fact, the law allows electronic signatures (KRS 369.107) (4), "If a law requires a signature, an electronic signature satisfies the law,") the official should authorize, in writing, the use of a signature stamp or electronic signature, and expressly designate in this writing those persons authorized to use the stamp for official purposes in affixing the official's signature, and a log of authorized usage). Payroll System:

Payroll is designated as every Friday. Paychecks may be obtained in the Payroll by Department Supervisors on Friday. If the Friday falls on a holiday, Thursday may be designated for paychecks to be obtained by employees. Monthly employees are paid on the 4th pay week of each month. All new employees must work one (1) week before receiving pay. Pay periods are for the previous weeks work. Exception: Elected officials whose salary is set by state. Employees hired by Ohio County Fiscal Court after July 1, 2017 must have their paychecks automatically deposited into their checking, savings, or check card account (ACH Direct Deposit). Anyone hired previous to this date is encouraged to ACH Direct Deposit. This convenience may save you time, postage, gasoline – and the anxiety of waiting in line. See Human Resource for this saving option.

Time Sheets:

Each employee shall document hours worked each day and each week. KRS 337.320. Timesheets shall accurately document actual time worked. The completed time sheets are to be signed by the employee. The time sheets are to be verified and signed by the Supervisor and submitted to the Payroll Administrator by noon on Mondays preceding the payroll. In the event, Monday falls on a holiday, Tuesday by noon would be the deadline for submitting time sheets. Due to holidays, or other events that cause undue hardship to timely payroll, the Payroll Administrator may request a change in time sheet deadlines by notifying in advance each Department Supervisor. Failure by employee to submit time sheets by deadline will result in paycheck not being issued until the following pay period.

Refusal to turn in a time sheet will result in no paycheck being issued. Turning in a timesheet is the responsibility of the employee. If employee is absent then employee may request that his/her supervisor submit timesheet in his/her absent.

Falsifying a time sheet is subject to disciplinary action up to or including termination.

Elected county officials are exempted from filling out a time sheet.

The Payroll Administrator will not be held responsible or accountable for any errors on time sheets. The Payroll Administrator will not be held liable for any Supervisor/Elected County Official that refuses to turn in hours worked, per KRS 337.320, by employees in their department. Supervisors/Elected County Officials for each department are responsible in making sure employee’s hours qualify them for their hired position, and any benefit requirements in which they may be participating.

Calculation of Timesheets, Total time and Guidelines:

Time:

Ohio County Fiscal Court shall calculate time sheets using the following method. When documenting working time - minutes are converted to the quarter hour. Use chart below:

0-7 minutes	on the hour
8-22 minutes	on the quarter hour (.25)
23-37 minutes	on the half hour (.50)
38-52 minutes	on the three-quarter hour (.75)
53-60 minutes	on the hour

Examples:

8:07 a.m.	is converted to 8:00 am
8:18 a.m.	is converted to 8:15 am
8:32 a.m.	is converted to 8:30 am
8:43 a.m.	is converted to 8:45 am
8:56 a.m.	is converted to 9:00 am

Totaling Time:

When claiming personal, vacation, comp time, or bereavement total time (including regular hours worked) cannot exceed forty hours per any given week.

Timesheet Guidelines:

1. Daily - log in beginning work shift and ending work shift and note total hours worked that day.
2. If taking lunch break list time logged out and time logged back in.
3. Write REASON if you worked over your normal hourly shift, this is to be done each day worked over your shift.
4. Write reason if you worked outside of normal work location at the beginning or ending of normal hourly shift.
5. Note CALL BACK TIME out beside that time worked, if approved by supervisor.

7. Do not list time worked in Military time.
8. Employee must sign time sheet.
9. Supervisor must sign time sheet.

Failure to follow guidelines could result in time sheet being returned to employee for correction. If time sheet is not re-submitted by timesheet deadline this may result in pay check not being processed for that week. Paycheck would then be processed the following week.

Section 2 Payroll Deduction:

Payroll Deduction: (Optional Insurance) Employees missing a week's pay will be responsible for any missed payroll deductions. Employee shall notify the Payroll Office immediately in order to make arrangements for payment of the missed deduction. If payment is not made in a timely manner for the payroll deductions then deduction amount will be deducted from the next check issued to employee. If employee does not work for several weeks and deductions are not paid by either way mentioned above then insurance will be canceled for non-payment.

Section 3 Rest Periods:

Ohio County shall not require any employee to work without a rest period of at least ten (10) minutes during each four hours worked. This shall be in addition to the regularly scheduled lunch period. Lunch periods shall be documented on employee's time sheet.

Section 5 Wages:

It is the objective of the Ohio County Fiscal Court to provide a competent workforce that is productive and compensated based upon position requirements, skills and job performance. The compensation scale is to be reviewed yearly by the Wage and Job Classification Committee. Section 6 Raises:

Raises are budgeted with Fiscal Court approval. Raises are not guaranteed to employees. Each year during the budget planning process, Supervisor/Department Heads shall compile a list of employees who they recommend for raises. Raises are based on employee performance. If raise is not recommended, supervisor must show in writing reasonable reason as to why raise was not recommended. Prior documentation of coaching or disciplinary action must accompany written reason. In addition, supervisor must show a corrective action plan to be taken by employee in order to correct the situation. This information should then be presented to Judge Executive and Fiscal Court. It is then the responsibility of The Fiscal Court to approve or deny raise.

The Sheriff and Jailer are responsible for oversight of raises in their department and require no input from the Judge Executive.

Section 7 Statement of Deductions:

Ohio County shall state specifically the amount for which deductions are made, and, at the time of salary or wage to each employee, shall furnish the employee a statement showing payment of the amount of each deduction and the purpose for which the deduction is made.

Section 8 Unlawful for Employer to withhold Wages:

Ohio County shall not withhold from any employee's wages any part of the agreed wage rate, unless:

e. Losses due to defective or faulty workmanship, lost or stolen property, default of customer credit or nonpayment of goods or services received by the customer if such losses are not attributable to employee's willful or intentional disregard of employer's interest.

Section 10 Longevity Incentive:

The Ohio County Fiscal Court realizes the importance in length of service and acknowledges the employee's contributions for on the job experience. In order to continue and maintain the longevity of employees a Longevity Incentive has been adopted by the Ohio County Fiscal Court. Employees reaching a milestone of 5, 10, 15, 20, 25 and additional 5-year increments will be paid a Longevity Incentive based on their years of continual service. See scale below.

20 Years	\$2,000
25 Years	\$2,500
Additional year's	\$500 increase per each additional 5 Years of service

Note: The most recent hire date will be used to calculate years of service. Previous employment either full time or part time will not be considered in calculation of years of service for incentive payout. Payout will be made in the anniversary month of employee eligible for incentive.

Section 11 Attendance and Absenteeism:

Objective: The purpose of this policy is to set forth Ohio County Fiscal Court's policy and procedures for handling employee absences and tardiness and to promote the efficient operation of the company and minimize unscheduled absences.

Policy: Punctual and regular attendance is an essential responsibility of each employee at Ohio County Fiscal Court. Employees are expected to report to work as scheduled, on time and prepared to start working. Employees also are expected to remain at work for their entire work schedule. Late arrival, early departure or other absences from scheduled hours are disruptive and must be avoided.

This policy does not apply to absences covered by the Family and Medical Leave Act (FMLA) or leave provided as a reasonable accommodation under the Americans with Disabilities Act (ADA). These exceptions are described in separate policies.

Absence

"Absence" is defined as the failure of an employee to report for work when he or she is scheduled to work. The two types of absences are defined below:

- *Excused absence* occurs when **all** the following conditions are met:
 - The employee provides to his or her supervisor sufficient notice of at least two days in advance of the absence for personal; at least one week notice for vacation; at least one week notice for compensatory time (unless approved by supervisor due to no work scheduled).
 - The absence request is approved in advance by documentation by the employee's supervisor and human resource representative
 - The employee has sufficient accrued paid time off (PTO) to cover the absence.
- *Unexcused absence* occurs when any of the above conditions are not met. If it is necessary for an employee to be absent for work because of an illness or an emergency, the employee must notify his or her supervisor no later than the employee's scheduled starting time on that same day. If the employee is unable to call, he or she must have someone make the call.

One-week notice is considered 5 full working days for the purpose of notice under this policy.

An unexcused absence counts as one occurrence for the purposes of discipline under this policy.

Employees with three or more consecutive days of absence with doctor's note will count as one unexcused absence occurrence, if conditions for excused absence did not apply on first day.

Employees with three or more consecutive days of absences *because of illness or injury* must give Ohio County Fiscal Court proof of physician's care and a fitness for duty release prior to returning to work.

Employees must use earned paid time off for every absence unless otherwise allowed by company policy (e.g., leave of absence, bereavement, jury duty). Employee categories are listed in Fringe Benefits of Administrative Code.

Tardiness and Early Departures

Employees are expected to report to work and return from scheduled breaks on time. If employees cannot report to work as scheduled, they must notify their supervisor no later than their regular starting time. This notification does not excuse the tardiness but simply notifies the supervisor that a schedule change may be necessary.

Employees who must leave work before the end of their scheduled shift must notify a supervisor immediately.

Disciplinary Action

Excessive absenteeism is defined as two or more occurrences of unexcused absence in a 30-day period and will result in disciplinary action. Six occurrences of unexcused absence in a 12-month period are considered grounds for termination.

Job Abandonment

Any employee who fails to report to work for a period of three days or more without notifying his or her supervisor will be considered to have abandoned the job and voluntarily terminated the employment relationship.

Section 12 Overtime / Comp Time:

Ohio County shall not employ any of its hourly or salaried non-exempt employees for a work week longer than forty hours, unless such employee receives compensation for his/her employment in excess of forty hours in a work week, at a rate of not less than one and one-half times the hourly rate at which he is employed. This section does not apply to any individual employed in a bona fide executive, administrative, supervisory, or professional capacity. For an employee to be paid "compensation time" both the employee and the county must comply with KRS: 337.285.

Maximum amount of compensatory time that can be accumulated is 240 hours. Once 240 hours is reached, employee will be paid for a block of 40 hours and the balance reduced accordingly.

Overtime for employees must be pre-approved by their supervisor. Supervisors/Department Head overtime must be pre-approved by the Judge Executive. Each Supervisor/Department Head is responsible for the cost of overtime to remain within their budget.

Time-off with pay (i.e. vacation, personal or holiday pay) shall not be considered as hours worked for overtime pay purposes.

Section 13 Call Back Time:

Employees called to work or asked to stay outside of their normal working hours due to emergency situations, which has been pre-authorized by their supervisor and/or Judge Executive shall receive overtime rate for hours worked outside of their normal working hours. Normal working hours are set by their supervisor and/or Judge Executive and may be subject to change seasonally. It is the responsibility of the employee and supervisor to note separate any call back time worked. It is also the responsibility of the supervisor to keep call back time cost within his/her department budget.

The Ohio County Sheriff and Ohio County Jailer may or may not elect to participate in call back time.

Call Back Time is intended to be used for true emergency situations only. It is not intended to be used for employee tardiness, to replace other employees who may be off personal, vacation scheduling or other such situations. (This policy supersedes previous motion made on and recorded in the minutes of 12/29/2009.)

Section 14 Records:

Ohio County shall make and preserve payroll records following the Kentucky Department for Libraries and Archives Records Retention Schedule.

Section 15 Temporary Transfers:

Supervisors may require temporary transfers of their departmental employees to other Fiscal Court departments to satisfy operating requirements. When temporary transfers are made beyond a period of ten (10) consecutive work days, pay rates shall be modified only if the employee's transferred position pay rate is above the employee's regular position pay rate. If rates are changed under this section, a Payroll Change Notice must be submitted to the County Human Resource Office reflecting such change. The pay adjustment will be retroactive from the date that the transfer occurred. Temporary transfers must be agreed on by Supervisor of each department effected.

Section 16 Release for Return to Work:

After an employee has been absent from work due to an injury a full release from the employee's doctor is required prior to return of employment. Should an employee not be able to present a full medical release, return to employment shall be subject to the approval of the Ohio County Fiscal Court. After an employee has been absent from work for more than six months approval from the Judge Executive is required prior to return to employment.

Section 17 Role of the Supervisor/Department Head

This section is to define Supervisor Role with personnel policies.

The Supervisor is to be an advocate for the Ohio County Fiscal Court and their employees. In doing so the supervisor has certain responsibilities that are more outlined in their individual job description. It is the responsibility of the supervisor to provide a safe work environment and to follow personnel policies and procedures outlined in the Administrative Code. Supervisors are expected to attend all trainings that are made available by the Fiscal Court. Supervisors are encouraged to seek any outside training they feel might be beneficial to their role as supervisor.

When hiring for an open position, it is the supervisor's responsibility to advertise, interview, and check references on potential employees. Supervisors will work with Human Resource to follow application process, verify all paperwork, drug and pre-employment testing and any other requirements have been met. The supervisor will then provide their recommendation for employment to Ohio County Fiscal Court.

Supervisors are to coach and mentor their employees. They should provide a written job duty to each of their employees upon employment. When an employee performance exceeds required job duties, they should be given praising feedback. When employee performance does not satisfactory meet required job duty, the Supervisor should then follow the coaching and disciplinary process. This includes documented verbal and written communication with employee (see below steps). If an employee is in the coaching and disciplinary process a copy of documentation should also be sent to Human Resource to go in the employee personnel file. Upon written discipline warning, the Judge Executive must be made aware of the situation. If termination is deemed necessary, the Supervisor and Human Resource Manager will notify the Judge Executive. The Judge Executive shall then follow the provisions of KRS 67.71 will then provide the employee with a Letter of Intent to Terminate containing: (a) the reason(s) for termination, if any; (b) the details of previous disciplinary actions (s) taken against employee, if any; and (c) the recommended effective date.

It is the responsibility of the supervisor to maintain employee performance folders for their employee's. This folder should be used as a constructive tool by documenting performance indicators on an ongoing basis. Any documentation which the supervisor feels may result in disciplinary actions should be copied to The Ohio County Judge Executive Human Resource Manager and entered into the employee's personnel folder.

Where an offence is continually repeated, or misconduct is serious enough for discharge on the first offense, the Department Supervisor may recommend to the Human Resource Manager and Judge Executive dismissal of an employee.

COACHING AND DISCIPLINE STEPS:

1. Coach: Write measurable performance expectations.
Give constructive and descriptive feedback.
Give praising feedback / recognize.
2. Coach: Give feedback to WARN of consequences.
Supervisor should document this meeting.

3. Discipline: Issue written 'warning of performance issue'.
Employee should sign warning. A copy of the written warning must be turned in to H/R Payroll and to The Ohio County Judge Executive.
4. Discipline: Issue 'final warning of performance issue' stating termination will follow.
A copy of the written final warning must be turned in to H/R Payroll and to The Ohio County Judge Executive.
5. Terminate: With approval of Judge Executive.

The 'challenging' employee is a person who is consistently performing BELOW the written performance expectations of quality, quantity, time, costs and procedures -or- fails to meet the expected record of attendance and punctuality -or- whose behavior is detrimental to accomplishing the team's goals.

NOTE: It is the responsibility of the supervisor to hold the employee accountable and responsible for doing what their job requires of them TODAY...and moving forward.

When an employee REFUSES to make improvements in performance/behavior, the employee needs to be warned that THEY are putting THEIR job in jeopardy.
See attachment One

Definition: Kentucky Employees Retirement Systems (KERS), County Employees Retirement Systems (CERS), and State Police Retirement (SPRS) will be referred to as Retirement System.

Ohio County Fiscal Court recognizes the need for highly skilled employees in various positions. If the need arises to hire an employee due to skill and qualification requirements while the employee is currently employed by another agency, they may do so if the department budget allows for the additional cost incurred for Retirement. However, this position will be required to participate in KRS regardless of hours worked and classification. KRS participation must begin immediate (without probationary period status for KRS purposes only).

Per Retirement System requirements, no part-time employee shall work in excess of 99 hours per month, to be reviewed on both a fiscal year and a calendar year, without retirement being paid on that employee. The State Retirement System requires that all hours worked in more than one position or entity within the same retirement system shall be consolidated to determine eligibility. (See Section 2)

5. **Contract employee:** Employee under this classification may be paid hourly or monthly with no benefits. Keeping and submitting a time sheet may or may not be required. Employee's job duties and whether qualifying for county's worker compensation benefits would determine this class. (Fiscal Court minutes March 6, 2007.)
6. **Temporary employee:** Is a non-bonded employee who is hired to work for a specified time only and for a period not more than six months. Temporary employees may work up to 40 hours per week during this 6-month period. Temporary employees can only be classified as temporary in the position one time. Temporary employees may not transfer into another non-participating position.
7. **Seasonal employee:** Is non-bonded employee who is hired to work for a specified time only and for a period not more than six months in a fiscal year. Seasonal employees may work up to 40 hours per week during this six-month period. Seasonal employees may not transfer into another non-participating position.

Salary exempt employees shall receive, each pay period, a pre-determined amount of compensation approved by the Ohio County Fiscal Court. Personal and Vacation days are accrued and used according to section 8 and 9 with the following exception – personal and/or vacation days cannot be paid out at any time. Once personal and/or vacation days have reached their limit no additional days will be accumulated. All personal and vacation days must be used before the limit has been reached or they will be lost. Salary Exempt employees are not eligible for overtime pay. Ohio County Fiscal Court will follow all Federal Regulations pertaining to salary exempt employees.

3. Should an employee sustain a work-related injury, the Fiscal Court will continue to pay to the employee his regular rate of pay for a period of two (2) weeks for any time lost due to the injury, provided that the employee submits a statement from a qualified health care professional verifying the necessity of work loss for medical treatment or the inability to work.

After the expiration of the two (2) week period from the date of any work-related injury, the county's worker's compensation insurance carrier will be responsible for payment of any worker's compensation benefits to which the employee may be entitled in accordance with the Kentucky Worker's Compensation Act, KRS Chapter 342.

Should an employee receive from the County's worker's compensation carrier temporary total disability income benefits due to a work-related injury for the two (2) week period immediately after the injury and for which the County has paid to the employee his regular rate of pay, the County shall be reimbursed by the employee the amount of income benefits paid to the employee by the worker's compensation carrier for the two (2) week period.

Employee's pay to be calculated as follows: Hourly wage x normal scheduled hours per week x 66.66% (this is the rate Worker's Comp will pay). Time sheets must reflect this switch with employee and Supervisor/Department Head or Elected Official's signature beside the days switched.

Section 7 Court Leave:

An employee shall be entitled to leave of absence from duties without loss of time or pay for that amount of time necessary to comply with subpoenas by any Court, Federal or State, or Political subdivision thereof, to serve as a juror or witness. Employee is required to bring verification for Jury Duty to the Payroll Administrator.

Section 8 Vacation:

1. After one full year of employment, all regular full-time employees are entitled to vacation as listed below:

a. 1-year service - 5 days

b. After one year of service, 5 days accrue at the end of each six (6) month period for a maximum of 10 days per year.

7. Employees are encouraged to take vacation time away from work. There are instances where employees have accumulated 160 hours of vacation and are due an additional 40 hours based on continued six (6) month period. In this instance, a person can be paid out 40 hours vacation, if they have taken 40 hours vacation within one year. It is the employee responsibility to request the payout at least ten (10) days prior to anniversary date. Otherwise, any vacation time over 160 hours will be lost.

Each department is expected to expend their budget responsibly. If a department has paid out for a 5th week vacation and it causes a budget shortfall then it will be the responsibility of the Fiscal Court to make a transfer from fringe reserves.

8. Vacation time is allowed to accrue while a county employee is off from work under the Family Medical Leave Act. (See minutes December 16, 2008).
9. Vacation time will continue to accrue by an employee who is off work drawing workers compensation income benefits due to work injury (also see workers compensation section) (December 29, 2009 minutes).

If employee is off on an unpaid Special Leave and then returns to work vacation benefits would begin when employee returns to the workforce, if employee status still qualifies him/her for the benefit. The employee would retain original hire. The return to work date would be used for determining future vacation time. Refer to Section 13 for Special Leave

Section 9 Personal Leave:

1. All non-elected personnel can accumulate eight (8) hours personal pay per month of active employment. The employee must work at least fifteen (15) days during the month to receive the personal time. Personal time accumulates at the end of the month. When claiming personal time, total time (including regular hours worked) cannot exceed forty hours per any given week. Personal time is not considered in calculating over time. Personal days may be accumulated from month to month and year-to-year. Personal leave may be accumulated with a maximum limit of 480 hours (60 days).
2. Your earned personal leave with pay is intended as a benefit for you to use at those times when you have a bona fide need for it. As your employer, the County recognizes that there are many circumstances other than your own unexpected illness, when you might justifiably claim personal leave. Remember, a large amount of accumulated personal leave with pay is your cheapest form of disability insurance. Also, see Attendance and Absenteeism. (See Section X (O))

If the employee with the Ohio County Fiscal Court incurs an unexcused absent of more than three (3) days in a roll or is absent more than three (3) days within a work week, then said

employee must present a written doctor's excuse before the fourth (4th) or more days can be paid as personal time. This will be enforced for all employees.

3. Personal days are lost upon termination of employment if the employee worked less than 5 full continuous years.

An employee must have worked for 5 full continuous years to be paid out any personal time upon separation of employment. The employee must provide a two week notice prior to leaving employment. Lump sum payouts follow Kentucky Retirement System guidelines. The payout is to be calculated from full-time employment begin date at 25% at 5 years, 50% at 10 years, 75% at 15 years, and 100% at 20 years or more.

a) Personal days shall not be earned and accumulated while an employee who is not working due to illness whether the employee is being paid personal pay or not.

Each department is expected to expend their budget responsibly. If a department has paid out for a Personal Time Payout and it causes a budget shortfall then it will be the responsibility of the Fiscal Court to make a transfer from fringe reserves.

5. Personal leave donation. In the event of an illness or a prolonged catastrophic illness, an injury, or an extended absence due to illness of a family member, eligible employees who accrue personal leave and who have exhausted their leave balances (which include personal, vacation and comp time) may have personal leave donated to them by other eligible county employees. The total amount of time transferred shall not exceed the amount of time needed for the specified illness. The personal leave transfer option is on a voluntary basis. Employee may receive an unlimited number of personal hours. Participation forms may be obtained from the Payroll Administrator.

The employee voluntarily donating personal leave must retain a minimum of eighty (80) hours of accrued personal leave after the personal leave donation. Prior approval from the Judge Executive is required for the transfer of personal leave to another employee who is experiencing an illness or event as stated above. Under no circumstance may a transfer be made that places the donating employee under the eighty (80) hour threshold.

Section 10 FMLA

For employees under the Family Medical Leave Act, see FMLA regulations/restrictions before participating in this sick leave transfer option.

All regular, full, and part-time employees are eligible for unpaid Family and Medical Leave Act (FMLA) leave by the employer upon employee's 12-month employment anniversary with respect to who leave is requested under section 102; and, have worked 1,250 hours during the previous 12-month period (FMLA requirement).

Ohio County Fiscal Court will adhere by Family Medical Leave ACT (FMLA) rules and regulations.

Vacation days will continue to accrue during approved FMLA leave. personal days shall not continue to accrue during approved FMLA leave.

Section 11 Bereavement

All full-time employees may receive up to three (3) paid funeral bereavement days (a day equals the employees' scheduled work shift) in the event of a death in the employee's immediate family. The following employee family members will be considered as immediate family and qualify employee for bereavement pay:

Spouse, Mother, Father, Child, Grandmother, Grandfather, Mother-in-Law, Father-in-Law, Sister, Brother,

When a full-time employee's extended family member dies, the Fiscal Court allows up to one paid bereavement day (a day equals the employees' scheduled work shift) for the day of the funeral. Extended family members are defined as:

Brother-in-Law, Sister-in-Law, Niece, Nephew, Grandparent of Spouse, Aunt and Uncle of Employee.

Therefore, eligible employees will be allowed up to three (3) days bereavement pay ending with the day of the funeral service. Weekends are exempt, unless the employee is scheduled to work.

Section 12 Special Leave

2. The benefits under the plan are group medical insurance, dental, and vision. The premiums are deducted from the gross salary and then taxes are calculated on the adjusted gross salary.

Some types of supplemental insurance may qualify for the pre-tax benefit. Contact county's current Section 125 Cafeteria Plan provider to see if they fall under the Plan requirements.

3. New employees are eligible to participate in the plan as of the contract renewal date following the date the employee meets the eligibility requirements.

The OCFC may also solicit sealed bids from responsible prospective suppliers by sending them a copy of such notice. Before bids are awarded, the Fiscal Court must first have proof of insurance.

The IFB will include a general description of the goods or services to be procured, the bid deposit and bond performance required (if applicable), the location where bid forms and specifications may be secured, the time and place for opening bids, and whether the bid award will be made on the basis of the lowest bid price or the lowest evaluation price. If the lowest evaluation price is used, the measurable criteria to be utilized must be stated in the IFB. The newspaper notice must also contain language which calls to the attention of bidders all applicable requirements which must be complied with such as Section 3 of the 1968 Housing Act, Section 109 of the 1974 Housing and Community Development Act, the Civil Rights Act of 1964, Executive Order 1246 and the Davis-Bacon Act.

Sealed bids will be opened in public at the time and place stated in the IFBs. The bids will be tabulated by the OCFC at the time of bid opening. The results of the tabulation and the bid documents will be examined for accuracy and completeness by the OCFC. In addition, the OCFC determines that all firms are responsive and responsible. The OCFC will make the decision as to which contract shall be awarded. After the bid award is made by the OCFC, a contract will be prepared for execution by the successful bidder. After the contract is signed, all bid deposits will be returned to all unsuccessful bidders.

The OCFC may cancel an Invitation for Bid or reject all bids if it is determined in writing that such is in the best interests of the OCFC. The OCFC may allow a vendor to withdraw a bid if requested at any time prior to the bid opening. Bids received after the time set for bid opening shall be returned to the vendor unopened.

If more than one bid is accepted for any service or product then explanation will be given in court minutes at time of acceptance.

b. Competitive Negotiation: The OCFC will utilize competitive negotiations, regardless of contract amount, upon a written determination that:

1. Specifications cannot be made specific enough to permit the award of a bid on the basis of either the lowest bid price or the lowest evaluated bid price (in other words, bidding is not feasible).

2. The services to be procured are professional or personal in nature. With the exception of procurement of certain professional services (principally engineering services), competitive negotiations will proceed as follows:

- a. Proposals will be solicited through newspaper advertisement; additionally, a Request for Proposal (RFP) may be prepared and Mailed to qualified vendors.

The newspaper advertisement must be published at least seven (7) days and not more than twenty-one (21) days before the date for receipt of the proposals. The RFP will describe services needed and identify the factors to be considered in the evaluation for proposals and the relative weights assigned to each selection factor.

The RFP will also state whether further details regarding the RFP may be obtained. The RFP will call attention to the same

regulations discussed in the bidding process. Requests for proposals will always include cost as a selection factor.

1. Award must be made to the one whose proposal is determined in writing to be the most advantageous to the OCFC. Evaluations must be based on the factors set forth in the RFP and a written evaluation of each response prepared. The OCFC may contact the firms regarding their proposals for the purpose of clarification and record in writing the nature of the clarification. If it is determined that new proposals may be solicited on the same or revised terms or the procurement may be abandoned.

For the procurement of certain professional services, an alternative to RFP's may be used. The OCFC will evaluate the responses and rank them by comparative qualifications. The highest scoring person or firm will be contacted and the selection committee will negotiate cost. If the OCFC is unable to negotiate a satisfactory cost arrangement, the second highest scoring person or firm will be invited to negotiate. The OCFC will maintain a written record of all such negotiations.

c. Non-Competitive Negotiations: Non-competitive negotiations may be used for procurement in excess of \$ 30,000.00 when bidding or competitive negotiations are not feasible. The OCFC may purchase goods and services through non-competitive negotiation when it is determined in writing that competitive negotiation or bidding is not feasible and that:

1. An emergency exists which will cause public harm as a result of the delay caused by following competitive purchasing procedure, or
2. The product or service can be obtained only from one source, or
3. The contract is for the purchase of perishable items purchased on a weekly or more frequent basis, or
4. Only one satisfactory proposal is received through RFP or REQ, or
5. The state has authorized the particular type of noncompetitive negotiation (example: the procurement of services by an Area Development District). Procurement by non-competitive negotiation requires the strictest attention to the observation of impartiality toward all suppliers. Kentucky Housing Corporation must approve all procurements by non-competitive negotiation when only one supplier is involved or only one bid or response to a REP/REQ is received.

d. Documentation: All source documents supporting any given transaction (receipts, purchase orders, invoices, RFP/RFQ data, and bid materials) will be retained and filed in an appropriate manner. Where feasible, source documents pertinent to each individual procurement files, source documents will be filed and maintained in a reasonable manner (examples include chronologically, by vendor, by type of procurement, etc.). Whatever form of documentation and

filing is employed, the purpose of this section is to ensure that a clear and consistent audit trail is established the basis for selection, basis for cost (including the issue of reasonableness of cost and basis for payment.

e. Locally Owned, Minority Owned, Female Owned, and Small Business Efforts will be made and documented to solicit participation of locally owned, minority owned, female owned, and small businesses. Where feasible, evaluation criteria will include a factor with an appropriate height of these firms. A list of locally owned, minority owned, female owned and small businesses and minority businesses located within the trade region shall be maintained and utilized often-issuing IFBIs, RFPIs, and RFQLs. This list shall also be consulted when making small purchases.

f. Code of Conduct:

- (1) Conflict of Interest: No elected official, employee or designated agent of the OCFC will take part or have an interest in the award of any procurement transaction if a conflict of interest occurs when the official, employee or designated agent of the OCFC, partners of such individuals, immediate family member, or an organization which employs or intends to employ any of the above, has a financial or other interest in any of the competing firms.
- (2) Penalties: Any elected official, employee, or designated agent of the OCFC who knowingly and deliberately violates the provisions of this code will be open to civil suit by the citizens of the County without legal protection of the OCFC. Furthermore, a violation of these procurement standards is grounds for dismissal by the OCFC. Any contractor or potential contractor who knowingly and deliberately violated the provision of these procurement standards will be barred from future transactions with the OCFC.

The Ohio County Fiscal Court finds it necessary to adopt a policy regarding employee and staff use of the internet, which is available on many county employees' computers.

To that end the Fiscal Court hereby adopts the "Enterprise Policy" of employee use of the internet adopted for employees of the Commonwealth of Kentucky. Attached hereto is the commonwealth's policy, which adopted by the Fiscal Court and is attached to this administrative code of Ohio County as if it was set forth herein verbatim. The two words of "state employee" in the attached policy shall be synonymous with the words "county employee".

Enterprise Policy

Subject: Internet and Electronic Mail Acceptable Use Policy

Policy Statement: The purpose of this enterprise policy is to define and outline acceptable use of Internet and Electronic mail (E-mail) resources in state government. These rules and guidelines are in place to protect both the user and the Commonwealth. This policy requires all agencies and employees and other users to comply with the acceptable use provisions.

Policy Maintenance: The Department of Personnel, the Commonwealth Office of

Technology (COT) Office of Infrastructure Services, and the COT Office of Enterprise Policy and Project Management share responsibility for maintenance and interpretation of this policy. Agencies may choose to add to this policy, in order to enforce more restrictive policies as appropriate and necessary. Therefore, employees are to refer to their agency's internal acceptable use policy, which may have additional information or clarification of this enterprise policy.

Applicability: This policy is to be adhered to by all Executive Branch agencies and users, including employees, contractors, consultants, temporaries, volunteers and other workers within state government. This policy applies to all resources and information technology equipment owned or leased by the Commonwealth regardless of the time of day, location, or method of access.

Responsibility for Compliance: Each agency is responsible for assuring that employees and users under their authority have been made aware of the provisions of this policy, that compliance by the employee is expected, and that intentional, inappropriate use of Internet and E-mail resources may result in disciplinary action pursuant to KRS 18A up to and including dismissal. To demonstrate awareness and knowledge of this policy, signed acknowledgement forms are required. It is also each Executive Cabinet's responsibility to enforce and manage this policy. Failure to comply may result in additional shared service charges to the agency for COT's efforts to remedy inappropriate usage.

Policy: As provisioned, Internet and E-mail resources, services, and accounts are the property of the Commonwealth of Kentucky. These resources are to be used for state business purposes in serving the interests of state government, citizens, and customers in the course of normal business operations. This Acceptable Use Policy represents a set of rules and guidelines to be followed when using the Kentucky Information Highway (KIH) or any other network that is used as a result of its KIH connection, including Internet and E-mail.

In compliance with the laws of the Commonwealth and this policy, employees of the Commonwealth of Kentucky are encouraged to use the Internet and E-mail to their fullest potential to:

- Further the State's mission
- To provide service of the highest quality to its citizens
- To discover new ways to use resources to enhance service, and
- To promote staff development

State employees should use the Internet and E-mail, when appropriate, to accomplish job responsibilities more effectively and to enrich their performance skills.

The acceptable use of Internet and E-mail represents the proper management of a state business resource. The ability to connect with a specific Internet site does not in itself imply that an employee is permitted to visit that site. Monitoring tools are in place to monitor employees' use of E-mail and the Internet. Employees shall have no expectation of privacy associated with E-mail transmissions and the information they publish, store or access on the Internet using the Commonwealth's resources.

Incidental personal uses of Internet and E-mail resources are permissible, but not encouraged. Excessive personal use shall lead to loss of the resource privileges and may result in disciplinary action pursuant to KRS 18.A up to and including dismissal. Employees are responsible for exercising good judgment regarding incidental personal use. Any incidental personal use of Internet or E-mail resources must adhere to the following limitations:

- It must not cause any additional expense to the Commonwealth or the employee's agency
- It must be infrequent and brief
- It must not have any negative impact on the employee's overall productivity
- It must not interfere with the normal operation of the employee's agency or work unit
- It must not compromise the employee's agency or the Commonwealth in any way
- It must be ethical and responsible

Employee/User Responsibilities:

- .. Read, acknowledge, and sign an agency acceptable use policy statement before using these resources.
- .. Use access to the Internet and E-mail in a responsible and informed way, conforming to network etiquette, customs, courtesies, and any or all applicable laws or regulation.
- .. As with other forms of publications, copyright restrictions/regulations must be observed.

.. Employees shall be aware that their conduct or information they publish could reflect on the reputation of the Commonwealth. Therefore, professionalism in all communications is of the utmost importance.

.. Employees that choose to use E-mail to transmit sensitive or confidential information should encrypt such communications using the Enterprise Standards (X.509 certificates) and approved product for secure electronic messaging services.

.. Employees shall represent themselves, their agency, or any other state agency accurately and honestly through electronic information or service content.

.. Supervisors are expected to work with employees to determine the appropriateness of using the Internet and E-mail for professional activities and career development, while ensuring that employees do not violate the general provisions of this policy, which prohibit using the Internet and E-mail for personal gain.

.. Managers and supervisors who suspect that an employee is using E-mail inappropriately must follow COT's standard written procedure for gaining access to the employee's E-mail account.

Agency Responsibilities:

.. E-mail and Internet access should be used for "appropriate business use" only. Incidental personal use is permissible, but not encouraged. This policy recognizes the specific definition of appropriate business use may differ among agencies based on their mission and functions. Therefore, each agency should define appropriate business use and make certain employees and users are fully informed.

.. Create an Internet and E-mail Acceptable Use Policy statement and require a signed acknowledgement by all employees and users before accessing these resources.

.. Agencies that permit the use of E-mail to transmit sensitive or confidential information should be aware of the potential risks of sending unsecured transmissions. E-mail of this nature should, at a minimum, contain a confidentiality statement. E-mail content and file attachments considered highly sensitive or confidential must be encrypted using the Enterprise Standards (X.509 certificates) and approved product for secure electronic messaging services. To protect confidential data, some federal laws require the use of encrypted transmission to ensure regulatory compliance.

.. Agencies are responsible for the content of their published information and for the actions of their employees, including the proper retention and disposal of E-mail records. Enterprise Standard 4060: Recordkeeping – Electronic Mail should be observed.

.. Any commercial use of Internet connections by agencies must be approved by COT to make certain it does not violate the terms of COT's agreement with the Commonwealth's Internet provider. No reselling of access is allowed.

.. Agencies shall not accept commercial advertising or vendor-hosted website advertising for which the agency receives compensation. As a general practice, state agencies should avoid endorsing or promoting a specific product or company from agency websites, however the placement of acknowledgements, accessibility and certification logos are acceptable.

Prohibited and Unacceptable Uses: Use of Internet and E-mail resources are a privilege that may be revoked at any time for unacceptable use or inappropriate conduct. Any abuse of acceptable use policies may result in notification of agency management, revocation of access and disciplinary action up to and including dismissal. The following activities are, in general, strictly prohibited. With the proper exception approved, employees may be exempt from these prohibitions during the course of job responsibilities and legitimate state government business.

.. Violations of the rights of any person or company protected by copyright, trade secret, patent or other intellectual property, including but not limited to, the downloading, installation or distribution of pirated software, digital music and video files.

1. Controlled Substances and Alcohol Use Testing Program:

A. Exemptions and Program Administrator:

i) Employees of the County Court Clerk, Coroner, Sheriff, Jail and County Attorney of each of these elected officials may be subject to all terms and conditions of the county drug policy solely in discretion of the official. Should any employee of these officials be screened or tested as provided herein the elected official who request or directs any screening or testing shall refer the employee to the County Program Administrator who shall perform their duties as provided for herein.

ii)The Ohio County Payroll & Human Resource Administrator is hereby designated the County Program Administrator.

B. Testing Program:

The following employees, part-time and full-time, and all safety-sensitive transportation personnel, who perform either directly or by contract, are subject to an alcohol and urine drug screen for testing under the anti-drug rules. The following employee covered positions are subject to drug testing as outlined in this policy;

Commercial vehicle operator's safety sensitive personnel are subject to all types of testing. All Ohio County Employees are subject to Pre-employment, reasonable suspicion, post-accident, return to duty and follow-up testing

Testing is to be conducted while performing a function, just before the employee is to perform a function or just after the employee has ceased to perform such functions;

C. Types of Tests

1. BREATH ALCOHOL and/or SALIVA ALCOHOL: *ALCOHOL
2. URINE DRUG SCREEN: MARIJUANA, COCAINE, PHENCYCLIDINE, AMPHETAMINES, OPIATES

D. Tests Required:

Ohio County shall conduct the following screening tests for the presence of prohibited controlled substances and alcohol. Screening test, also known as initial test, in alcohol testing means an analytical procedure to determine whether an employee may have a prohibited concentration of alcohol in his/her system. Controlled substances testing means an immunoassay screen to eliminate negative urine specimen from further consideration.

1. Pre-employment
2. Random Testing for Employees with CDL and Jail Employees.
If employee obtains his CDL after being hired then that employee shall be required to a pre-employment drug test per DOT Regulations.
3. Reasonable Suspicion
4. Post-Accident
5. Return to Duty
6. Follow-Up

a. Pre-Employment Testing: A pre-employment test will be conducted for all successful employment candidates. This test will be given to an individual whom the County intends to hire. Prior to the first time an employee performs functions for the County, the employee shall undergo testing for controlled substances, be subject to substance screening incident to a pre-qualification physical. Refusal to submit to such a screening will make it impossible to medically qualify an applicant, and the applicant cannot be hired.

Compliance with the County's substance abuse policy is a condition of employment. The failure or refusal of an employee to cooperate fully, sign any required documents or submit to any inspection or test will be grounds for termination.

Testing under this category includes those individuals who are transferred and/or promoted to covered positions from uncovered positions, those individuals who have been taken out of the random pool for any period, and those individuals who have taken extended leaves of absence six (6) months or longer, even if left in the pool.

Any applicant who is offered a position covered by this policy will be required to report to a designated collection site within twenty-four (24) hours of notification.

Inquiries for alcohol and controlled substance information from previous employers: Employers shall request alcohol and controlled substances information from previous employers in accordance with the requirements of 40.25 of this title (KRS 382.413).

b. Random Testing: An unannounced alcohol and drug test given to a pre-determined percentage of employees who perform covered functions and who are selected in a statistically sound random and unannounced basis (KRS 382.305). Random urine drug testing shall be administered at a minimum annual rate of fifty-percent (50%) of the average number of covered employee positions every twelve (12) months. Random alcohol testing shall be administered at a minimum annual rate of twenty-five (25) percent of the average number of covered employee positions every twelve (12) months. Random testing will be unannounced and spread reasonably through the calendar year (monthly or quarterly). The total months must equal at least twenty-five percent (25%) of all covered employees.

It is imperative that the information on the dates or random testing locations and names of those to be tested be kept in the strictest confidence prior to testing. The county employees covered by this program will be placed in a common pool. All CDL employees will be added to the County's random pool the date a verified pre-employment drug test is received from the Medical Review Officer.

The individuals selected for random testing, shall be notified the same day the test is scheduled, and the County shall ensure that persons selected proceed immediately to the testing site, preferable, within two (2) hours of the scheduled testing. The supervisor shall explain to the employee that the employee is not under suspicion of taking drugs and that the employee's name was selected randomly.

The Program Administrator service will serve the County and its employees as an individual random account. To assure that the selection process is random, the County shall utilize its' Program Administrative services for purposes of determining who shall be tested randomly. The Program Administrators services will use a computer-based number generated system that is based on an employee's social security number or payroll identification number, to ensure a true random sampling. This method ensures the random selection process will be objective and anonymous and includes the appropriate safeguards to ensure that the identity of the individual selected cannot be determined prior to or at the time of the selection. This makes it possible, over a short period of time, for one employee to be tested several times while another employee will not be tested at all. This method will insure that every covered employee in the random pool has an equal chance of being selected and tested on each occasion. Any employee refusing to submit to a random drug test at the time of the request will be presumed to have had a positive test result and be disqualified from further employment.

Employees not available for random testing when selected (including those on medical leave or vacation) will have their names held by the Program Manager and be tested when the employee returns, if it is within the same test period. Employees, not tested because they were unavailable during the entire test period, may not be tested during the next testing cycle, unless their names are randomly drawn again.

c. Reasonable Suspicion Testing: A drug test given to a current employee who performs a function for the County and who is reasonably suspected of using a prohibited drug, based on specific contemporaneous articulable observations concerning the appearance, physical behavior, speech, body odors, or performance indicators of probable drug use (KRS 382.307). All employees who have given a supervisor reasonable suspicion to believe that the employee has violated the alcohol or controlled substances prohibitions and is under the influence of a controlled substance or alcohol, are required to submit to a reasonable suspicion-controlled substance test.

A single supervisor trained in detecting the symptoms of alcohol misuse may make the required observations for determining the necessity of a reasonable suspicion test (KRS 382.603). That supervisor may not, however, conduct the alcohol test on the employee. Similar to the post-accident test, if the test is not conducted within two (2) hours following the reasonable suspicion determination, the employer must document and keep on file the reasons why. If the test is not to be conducted within eight (8) hours after the reasonable suspicion determination, the employer shall cease attempts to conduct the test and document why.

In cases in which an employee is acting in an abnormal manner and a supervisor has reasonable suspicion to believe that the employee is under the influence of a controlled substance, the County shall require the employee to go directly to a collection site to provide an alcohol and/or urine specimen for laboratory testing. In such a case, the employee will be transported to the collection site by a County department head or supervisor.

Reasonable suspicion means suspicion based on specific personal observations that a County Representative can describe concerning the appearance, behavior, speech or breath odor of the employee, evidence of repeated errors on the job, repetition of County rule violations, or unsatisfactory time and attendance patterns.

In the event that an employee is directed to go to the clinic to provide an alcohol and/or urine specimen on a reasonable suspicion basis, either under this Section or under the Post-Accident section of this program, that employee shall be relieved of his/her duties without pay, until the test results are received from the BAT and/or MRO.

If a notice of a positive test result is received from the Medical Review Officer, then the employee will be subject to the disciplinary provisions of this program. However, if a notice of a negative test results in received from the Medical Review Officer, then the employee will be immediately reinstated with full back pay.

Testing under 49 CFR and Part 40 is limited to marijuana, cocaine, opiates, amphetamines and phencyclidine. However, for purposes of reasonable suspicion, employees will be tested for any substance listed to Schedules I or II of the Controlled Substances Act.

The required observations for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor or County official who is trained in accordance with the requirements listed below: (KRS 382.603)

1. The County must ensure person designed to determine whether reasonable suspicion exists to require an employee to undergo alcohol or controlled substance testing, receive at least 60 minutes of training of alcohol misuse and at least 60 minutes of training on controlled substance use.

2. The training shall cover the physical, behavioral, speech and performance indicators of probable alcohol misuse and use of controlled substances. Alcohol testing is authorized only if the observations are made during, just before, or just after the period of the work day the employee is required to be in compliance;

If a reasonable suspicion alcohol test is not administered within two (2) hours following the observations, the County shall prepare and maintain on file a record stating the reasons the alcohol test was not administered promptly. In addition, if not administered within eight (8) hours, the County shall cease attempts to administer the test, and shall prepare and maintain the record listed above. Only one (1) supervisor or County official is required to make the observations necessary to require the controlled substance or alcohol test. The supervisor, who makes the determination that reasonable suspicion exists to conduct an alcohol test, shall not conduct the alcohol test, in order to preserve protection for the employees. The documentation of the employee's conduct shall be prepared and signed by the witnesses within 24 hours of the observed behavior or before the results of the test are released, whichever is earlier.

A written record shall be made of the observations leading to an alcohol and/or controlled substance test, and signed by the supervisor or County official who saw, within 24 hours of the observed behavior or before the results of the controlled substances test are released, whichever is earlier.

NOTE *** The mere possession of alcohol does not constitute a need for reasonable suspicion testing which must be based on observations concerning the driver's appearance, behavior, speech or body odor.

Post-Accident Testing: Employees working in positions covered by this policy, whose performance either contributed to an accident or cannot be completely discounted as a contributing factor to the accident will be tested (KRS 382.303).

All employees injured in a reported accident in which outside, professional medical treatment is sought, are required to submit to saliva and/or breath alcohol and a urine drug screen for the presence of controlled substances.

As soon as practical, following an accident involving a County vehicle, the County shall test their surviving driver(s) for alcohol and controlled substances.

When a required controlled substance test has not been administered within a reasonable time frame following the accident, the following actions will be taken:

2 HOURS: If the driver has not submitted to an alcohol test at this time, the County will prepare and maintain on file a record stating the reason a test was not promptly administered.

8 HOURS: Cease attempts to administer the alcohol test and prepare and maintain records described above.

32 HOURS: If the driver has not submitted to a controlled substance test at this time, the County shall cease attempts to administer the test and prepare and maintain the record described above.

The employee will be tested as soon as possible, but no later than 32 hours after the accident. Because certain drugs or drug metabolites do not remain in the body for extended periods of time, testing should be as soon as possible.

All reasonable steps will be taken to obtain a urine sample from an employee after an accident. In case of a conscious but hospitalized employee, the hospital or medical facility will be requested to obtain a sample and if necessary reference will be made to the County drug testing requirement.

If an employee is unconscious or otherwise unable to evidence consent to the procedure, the medical facility shall collect the sample. The covered employee will be required to sign an acknowledgement in reference if a post-accident drug test is required and he/she is seriously injured and unable to provide a specimen at the time of the accident, then the acknowledgement on file will be considered authorization for the County, or its designated representatives, to obtain hospital reports and other documents that would indicate whether there were any controlled substances in his/her system.

If an employee, who is subject to post-accident testing, is conscious, able to urinate normally (in the opinion of a medical professional) and refuses to be tested, that employee will be terminated from duty as an employee covered by this policy.

The employee must remain available or the County may consider the employee to have refused to submit to testing.

The employee subject to post-accident testing must refrain from consuming alcohol for eight (8) hours following the accident, or until he/she submits to an alcohol test, whichever comes first.

The County will provide employee-drivers with the necessary post-accident information, procedures and instructions, prior to the employee-driver operating a County motor vehicle so that employee/drivers will be able to comply with the requirements of this rule.

The Federal Highway Administration recognizes post-accident tests conducted by Federal, State and Local, and Officials as meeting the requirements of this rule under the following conditions, if the employer obtains the test results from the local jurisdiction or the driver:

- *** The official must have independent authority to conduct the test.
- *** The test must conform to Federal, State or Local requirements.
- *** Alcohol tests require blood, saliva or breath samples.
- *** Controlled substances tests require urine samples.

Without regard to whether there is any reasonable suspicion of drug usage, reasonable suspicion to believe the employee has been under the influence of drugs, or reasonable suspicion to believe the employee was at fault in the accident and drug usage may have been a factor.

Nothing in this County policy (or the rule itself) should be construed as to require the delay of necessary medical attention for injured people following an accident, or to prohibit a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

The definition of accidents that trigger a post-accident test is contained in 49 CFR 390.5.

That definition is as follows:

- (i) An occurrence involving a commercial motor vehicle operating on a public road which results in:
 - (a) A fatality;
 - (b) Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (c) One or more motor vehicles incurring disabling damage as a result of the accident, requiring a vehicle to be transported away from the scene by a tow truck or other vehicle.
- (ii) "Disabling Damage" is further defined as damage, which precludes departure of a motor vehicle accident in its usual manner in daylight after simple repairs.
 - (a) Inclusions: Damage to motor vehicles that could have been driven, but would have been further damage if so driven:
 - (b) Exclusions:
 - (i) Damages which can be remedied temporarily at the scene of the accident without special tools or parts.
 - (ii) Tire disablement without other damage even if no spare tire is unavailable.
 - (iii) Headlamp damage or taillight damage.
 - (iv) Damage to turn signals, horn or windshield wipers, which make them inoperative.

An employee shall be disqualified by issuance of a letter of disqualification for a period of one (1) year following a refusal to give a urine sample or alcohol test, and a driver/employee shall be disqualified by issuance of a letter of disqualification for a period of one (1) year for a positive test of controlled substance use, when the driver/employee has been involved in a fatal accident.

d. Return to Duty Testing: An employee who refuses to submit to or does not receive a verified negative alcohol or controlled substances test shall not return to duty until the employee receives a verified negative alcohol or controlled substances test administered under this program and the Medical Review Officer or Substance Abuse Professional has determined that the employee may return to duty.

Before an employee returns to duty, the employee shall undergo a "Return-to-Duty" alcohol test with a result indicating an alcohol concentration of less than 0.02 (BAC). Before an employee may return to duty, the employee shall undergo a result indicating a verified negative result for controlled substance abuse. An employee must receive a verified negative drug screen test result within a thirty (30) day period after receiving notification of a positive result. An employee who returns to duty shall be subject to a reasonable program of follow-up-controlled substances testing without prior notice for not more than sixty (60) months after his/her return to duty. Before performing an alcohol or controlled substances test, the employer must notify the Commercial Vehicle Operator or employee that the test is required by the regulations.

A reasonable program of unannounced controlled substances test will be implemented for an employee who has returned to duty after receiving a verified positive on a previous controlled substances test or after refusing to submit to a controlled substances test. The employee will be subject to reinstatement provisions of this program. Similarly, a new employee who has received a verified positive controlled substances test or refused to submit to a controlled substances test elsewhere is subject to new hire or return to duty employee under this category shall be subject to unannounced testing for up to five (5) years. Individuals who are subject to return to duty are subject to unannounced testing, who change employers within the five (5) year period and who subsequently work in a covered position for the new employer are subject to unannounced testing until the testing requirement expires.

Following a determination that the employee has violated the alcohol prohibitions, including having a test result of 0.04 BAC or greater, an employee must be removed from duty, and cannot be returned to duty, in a safety sensitive function until:

(i) The employee undergoes evaluation and rehabilitation.

(ii) A Substance Abuse Professional determines that the employee has successfully complied with any required rehabilitation, and

(iii) The employee undergoes a return to duty test with a result of 1 than 0.02 BAC. An employee with an alcohol concentration of 0.02 BA, or greater, but less than 0.04 BAC, is not permitted to return to duty to perform safety sensitive functions for a minimum of twenty-four (24) hours and shall be subject to provisions of the "Follow-Up" Testing required for this program.

Following a determination that an employee has misused controlled substances, as determined through testing, the employee must be removed from duty and safety-related functions until:

(a) The employee undergoes evaluations and rehabilitation.

(b) A Substance Abuse Professional determines that the employee has successfully complied with any required rehabilitation, and

(c) The employee takes a return to duty test with a verified negative test result. An employee returning to duty must be subject to a minimum of six (6) unannounced, follow up tests over the following twelve (12) months.

(iv) Employees may make a self-referral for treatment of and rehabilitation from drug and/or alcohol abuse by contracting the EAP representative, Human Resources Department or their immediate supervisor or department management.

(v) An employee's decision to voluntarily seek assistance from the EAP or a rehabilitation program independent of any other violation of this Policy will not in and of itself constitute a violation of the Policy.

(vi) Employees who test positive for alcohol or prohibited drugs may be referred to the EAP by the County for participation in a rehabilitation program if their violation of this Policy does not result in a termination of employment.

(vii) Employees participating in an inpatient substance abuse program of rehabilitation will be required to enter the program as soon as practical as determined by County management for safety consideration.

(viii) Return to work and/or possible reassignment will be dependent upon the employee's ability to safely resume normal or modified job duties as determined by the EAP counselor and County management.

Following the determination that an employee is in need of assistance in resolving problems associated with alcohol misuse and/or controlled substances, the employee will be subject to unannounced follow-up alcohol and/or controlled substances testing as directed by a Substance Abuse Professional. The follow-up alcohol testing shall be conducted only when the employee/driver is on duty.

All future collection procedures will be in accordance with the "Direct Observation Procedures" guidelines.

e. Follow Up Testing: An employee who is suspended due to testing positive for the use of a controlled substance, and/or alcohol test concentration greater than 0.02 BAC, the County may, give the option of reinstatement rather than immediate dismissal. If the employee is given the reinstatement option, then the employee must comply with the following conditions:

A. The employee must immediately enroll in a qualified program of evaluation and, if necessary, treatment from a Substance Abuse Professional. The program of evaluation or treatment from a Substance Abuse Professional is to be chosen by the employee, but the County must approve it. Any cost of rehabilitation, and evaluation from a Substance Abuse Professional shall be borne by the employee. Any and all additional test cost of Laboratory, Medical Review Officer and Collection Site shall be borne by the employee.

B. Upon receipt of satisfactory progress in the program of evaluation or treatment outlined in (1) above, the employee must submit to a controlled substances test in

which a negative result is obtained. The satisfactory progress report must be received by the County no later than thirty (30) calendar days from the date that the employee was given notice of the positive test result. If more than thirty (30) calendar days elapse, then the County shall have grounds to discharge the employee. If a positive test for the use of a controlled substance is returned after the employee enters a program of re-evaluation or treatment, then the employee shall be immediately discharged.

C. An employee shall be eligible for reinstatement under this section on a onetime basis, and the reinstatement is contingent upon the employee returning directly to work for the County. All future collections will be collected in accordance with the "Direct Observation Procedures".

D. Upon reinstatement, the employee shall be subject to six (6) additional tests for controlled substances without prior notice, with three (3) tests to occur within six (6) months of the reinstatement and the balance of test to occur within six (6) to twelve (12) months after reinstatement. These random testing dates will be at the discretion of the medical Review Officer or Substance Abuse Professional.

E. Disciplinary Action: Any covered employee, who tests positive for the use of a controlled substance, as reported to the County by the Medical Review Officer, will be subject to disciplinary action up to and including termination of employment. The County will not allow an employee to perform functions unless the employee has been administered an alcohol test with a result indicating an alcohol concentration less than 0.02 BAC, and has received a controlled substances test result from the Medical Review Officer indicating a verified negative test result.

a. Employees who engage in prohibited alcohol conduct (defined as .02 BAC or greater) must be immediately removed from duty. The penalties will result from those employees who continue to test at a level of over .02 BAC on the initial and confirmation test, and the penalties will apply to the confirmation tests results. Employees cannot perform covered functions for at least 24 hours with a test result of .02 BAC, or greater, but less than .04 BAC.

b. Employees who test over .04 BA must be referred to a Substances Abuse Professional for evaluation. Before the employee may return to duty, they must also have complied with any recommended treatment, take a return to duty test, with a test result of less than .02 BAC, and be subject to unannounced follow up test.

c. An employee has the right to request a urine drug sample retest at his/her expense within a seventy-two (72) hour period following notification of a positive result and after such documented notification from the Medical Review Officer to request that the secondary sample be analyzed. The employee shall pay for all additional costs including Laboratory, Courier, and Medical Review Officer fees. In the event a split-sample was not taken, or was of inadequate quality, the original test would be voided and the employee would not be subject to a retest. While the primary sample is tested at specific thresholds for each controlled substance. If a negative result is reached on the secondary test,

the original test results are disregarded, and the employee reinstates with full back pay. [Each employee who has engaged in conduct prohibited shall be advised by the County of the resources available to the employee in evaluating and resolving problems associated with the misuse of the names, addresses and telephone numbers of Substance Abuse Professionals and counselors and treatment programs.] An employee is suspended without pay due to testing positive for the use of controlled substances or alcohol tests.

A covered employee will be subject to disciplinary action up to and including termination of employment, if a test of a breath alcohol concentration of 0.04 BAC or greater as indicated using alcohol or within four (4) hours prior to performing covered functions. In addition, alcohol within eight (8) hours after an accident or until tested and required to be tested, will be subject to disciplinary action, up to and including termination of employment.

Results of an alcohol (confirmation) test indicate an alcohol concentration 0.04 BAC or greater as indicated by an evidential breath testing device or while using alcohol or within four (4) hours prior to performing covered functions. In addition, refusing to submit to an alcohol test will be subject to disciplinary action, up to and including termination of employment.

Results of an alcohol (confirmation) test indicate an alcohol concentration 0.04 or greater, when an employee has tested for alcohol in a concentration of 0.04 or greater, the employee will be removed from performing covered functions and shall be suspended for ten (10) working days without pay and shall be referred to a Substance Abused Professional who shall determine what assistance, if any the employee needs in resolving problems associated with alcohol misuse.

Results of an alcohol (confirmation) test indicate an alcohol concentration of 0.02 or greater, but less than 0.04; when an employee tested for alcohol in a concentration of 0.02 or greater, but less than 0.04, that employee will be removed from performing duties and suspended without pay for the remained or his/her shift.

Results of a second alcohol (confirmation) test within a 90 day period and the confirmation test results indicated an alcohol concentration of 0.02 or greater, but less than 0.04 BAC, or when an employee has an alcohol test conducted and the alcohol concentration is 0.02 or greater, but less than 0.04 on a second test, the employee will be removed from performing covered functions and shall be suspended for five (5) working days without pay and referred to a Substance Abuse Professional, and must follow all the recommendations of the assessment. Any subsequent test at 0.02 or greater will result in termination from the County.

Results of a second alcohol confirmation test that specifies certain period of time and indicate alcohol concentration 0.02 or greater, but less than 0.04 after an alcohol test, which has produced an alcohol concentration of 0.04 or greater:

When an employee has an alcohol test conducted and the alcohol concentration of 0.02 or greater, then that employee will be removed from performing covered functions and shall be suspended for twenty (20) working days without pay and referred to the Substance Abuse Professional and any subsequent alcohol concentration 0.02 or greater will result in immediate termination.

F. Disciplinary Action Based on Refusal to Submit to Testing and Disciplinary Action Based on Rejected Specimens:

a. An employee who refuses to be tested under any of the provisions of this Drug Testing Program, such refusal shall be treated as a positive test and employee will be terminated, and shall be subject to being disqualified from employment by issuance of a letter, and shall not be subject to "Return to Duty" test for a period of one (1) year. The covered employee will not be allowed to perform or to continue to perform any covered functions.

b. Refusal to submit to an alcohol or controlled substances test is if:

1. An employee fails to provide adequate saliva or breath for testing without a valid medical explanation after he/she has received notice of the requirement;
2. Fail to provide adequate specimen for urine for controlled substance testing without a valid medical explanation after he/she has received notice of the requirement.
3. Engages in conduct that clearly obstructs the testing process;
4. Does not arrive at the designated collection site within two (2) hour period. This time is derived from the time of written consent and documented time at the collection site.

If reported by the Medical Review Officer that low creatine and low specific gravity levels are less than 8mg/dl for female donors or less than 10 mg/dl for male donors may indicate urine specimen dilution prior to or after a urine specimen collection. Specimen recollection will be required. In this case to determine the next specimen, collection for this individual will be conducted under direct observation procedures. The recollection of a rejected specimen due to low creatine and low specific gravity levels shall be on a one-time basis. An employee, who refuses to be tested under any of the provisions of this Drug Testing Program, such refusal shall be treated as a positive test and will be subject to disciplinary action, up to and including termination of employment. If a notice of a positive test result or a second rejected specimen due to low creatine and low specific gravity levels is received from the Medical Review Officer, then the employee will be subject to disciplinary action, up to and including termination of employment.

The County Policy and the Department of Transportation guidelines will consider all adulterated specimens as a positive drug screen result and treat them accordingly.

A covered employee, who has an alcohol test administered and the alcohol concentration is greater than 0.02, shall not be permitted to perform covered functions or continue to perform covered functions.

No covered employee who has violated the rules on alcohol misuse or refuses to submit to testing can perform duties until that employee has:

*** Been evaluated by an SAP to determine whether the employee is in need of assistance in resolving problems related to alcohol use.

*** Completed any treatment recommended by the SAP.

*** Been evaluated by an SAP to ensure that the employee has properly followed the treatment program.

*** The employee has undergone a return to duty alcohol test with resulting alcohol concentration of less than 0.02.

Disciplinary action as set forth below will be taken under each of the described circumstances:

Refusal to report for assessment with a Substance Abuse Professional. If an employee refuses to report for assessment, evaluation, and/or referral for treatment with a Substance Abuse Professional, he/she will be terminated.

Refusal to enter or successfully complete a rehabilitation program. If an employee, after assessment, is referred for rehabilitation and the employee refuses to enter or successfully complete such a rehabilitation and the employee refuses to enter or successfully complete such a rehabilitation assessment program, he/she will be terminated.

Repeat usage. In all cases of an employee having an alcohol concentration of 0.04 or greater, and who has tested a second time at alcohol concentrations of 0.04 or greater, he/she will be terminated.

Refusal to submit to an alcohol test. An employee who refuses to provide an adequate saliva and/or breath for alcohol testing without a valid medical explanation after he/she has received notice of the requirement of the AMPP, or who engages in conduct that clearly obstructs the testing procedure, will be terminated from the County.

On duty use of alcohol: On duty use or possession of alcohol on County time or on County premises will result in termination from the County.

- xv. No employee shall be on duty while possessing or using alcohol.
- xvi. No employee shall return to duty within four (4) hours after using alcohol.
- xvii. No employee, required to take a Post-Accident alcohol test, shall use alcohol for eight (8) hours following an accident until he/she undergoes a Post-Accident alcohol test, whichever comes first.

H. Authorized Use of Prescribed Medicine: When employees are taking a medically prescribed substance that can alter behavior, physical ability, or mental function, they must report the use of this controlled substance to the personnel department, which will determine whether temporary job reassignment/medical leave is warranted until the treatment is finished. Employees must keep all prescribed medications in the original container, which identifies the controlled substance, dosage, date of prescribing and physician.

No employee shall report for duty or remain on duty requiring the performance of any functions when the employee uses any controlled substances, except when the use is pursuant to the instruction of a physician who has advised the employee that this substance does not adversely affect the employee's ability to function.

The employee must inform the County of any therapeutic drug use, the next business day, after the employee has been legally prescribed therapeutic medicines.

An employee, who is alleged to have violated controlled substances use prohibitions shall have available as an affirmative defense, to be proven by the employee through clear and convincing evidence, that his/her use of a controlled substance (except for methadone) was prescribed by a licensed medical practitioner who is familiar with the employee's medical history and assigned duties. If the employee receives a verified positive result from the Medical Review Officer with verified reference of a legally prescribed drug, the employee will be off duty and shall not return to duty until a "Return to Duty" drug screen test with a verified negative result is received from the Medical Review Officer. No rehabilitation is warranted.

I. Split Sample Testing Procedures: The reinstatement provisions contained in this Section shall not be applicable in the event that a positive test result is received from the Medical Review Officer and the employee has been involved in a fatal accident. An employee shall be disqualified by issuance of a letter of disqualification for a period of one (1) year for a positive test of controlled substance use when he or she has been involved in a fatal accident.

The Collection Site person shall instruct the donor to provide at least 45 ml of urine under the split sample method of collection. The collection site person, in the presence of the donor, pours the urine into two specimen bottles. Thirty (30) ml shall be poured into one bottle, to be used as the primary specimen. At least fifteen (15) ml shall be poured into the other bottle, to be used as the split specimen. Both bottles shall be shipped in a single shipping container, together with copies 1, 2 and the split specimen copy of the chain of custody form, to the laboratory.

If the test result of the primary specimen is positive, the donor/employee may request that the MRO direct that the split specimen be tested in a different DHHS Certified Laboratory for presence of the drug(s). The MRO shall honor such a request, if it is made within seventy-two (72) hours of the donor/employee's actual notification of the verified positive test result. If the test of the split sample fails to confirm the presence of the drug(s) or drug metabolite(s), or if the split sample is unavailable, inadequate for testing or untestable, the MRO shall cancel the test, and report the cancellation and the reasons for it to the County (employer) and the employee. The donor/employee must be retested within a two (2) hour period, after receiving such notification from the MRO.

** For DOT regulations, the employer must report every occurrence in a split sample negative test result which is preceded by a primary verified positive test result to The Regional Director, Office of Motor Carriers. This report must be mailed within fifteen (15) calendar days of being notified by the MRO that the test result has been cancelled.

The Collection Site person shall determine, upon receiving the specimen from the donor, if the specimen has at least 45 ml of urine for the split specimen procedures. If the individual is unable to provide such a quantity of urine, the Collection Site person shall instruct the donor to drink not more than twenty-four (24) ounces of fluids and after a period of up to two (2) hours, again attempt to provide a complete sample using a fresh collection container. The original

insufficient specimen shall be discarded. If the individual is still unable to provide an adequate specimen, the insufficient specimen shall be discarded, testing discontinued and the employer so notified. The MRO shall refer the individual for a medical evaluation to develop pertinent information concerning whether the individuals' inability to provide a specimen is genuine or constitutes a refusal to test.

If a notice of a positive drug screen result is received from the MRO on the primary test, the employee shall be placed out of service, off-duty, for a period of not more than 72 hours, pending the result of the split sample. An employee who tests positive for the use of controlled substances, of the split sample, as reported to the County by the MRP, shall be grounds for the immediate discharge of the employee. In addition, the employee shall pay for all additional expenses for the split specimen testing procedures. If an employee refuses to submit to a drug test for controlled substances, this shall be grounds for the immediate discharge of the employee.

J. Direct Observation Collections for Controlled Substances:

The County policy will require an immediate second collection under direct observation, in the following circumstances:

- a. The donor had provided a specimen that falls outside the acceptable temperature (90-100F), and donor refuses to provide an oral measurement of body temperature, or the body temperature varies by more than 1/8F from the temperature of the specimen.
- b. The collector observes conduct clearly indicating attempt to substitute or adulterate the sample (i.e. substitute the urine in plain view, blue dye in specimen presented, adulterated substance in view).

In both of the above-described circumstances, the collector must obtain, in advance of the direct observation collection, the review and concurrence of the collection site supervisor of the designated employer representative that the facts support the decision to conduct the direct observations decision. A direct observation collection must be conducted by a donor, and will accompany the donor into the stall or toilet area and observe the act of urination. A subsequent collection will be collected under direct observations if:

- i. The donor has had a verified positive result on a previous controlled substance test and is subject to "Return to Duty" or "Follow Up Testing".
- ii. The donor was previously unable to provide required specimen of 45 ml.
- iii. The last specimen provided by the donor (i.e. on previous occasion) was determined by the laboratory to have a specific gravity of less than 1/003 and a creatine concentration below .2g/l.

If a specimen is reported by the laboratory as negative but, also having creatine and specific gravity levels below the prescribed levels, the County will require future collection (when a triggering event occurs, i.e. qualifying accident, random selection, periodic physical, etc.) to be taken under direct observation.

K. Shy Bladder Situation: In the even the donor is unable to provide at least 45 ml of urine, the collection site collector will notify, review and concur with the County's designated employer

representative that the facts support the decision to detain employee/donor from returning to work. The County representative will instruct the collection site representative that the donor will remain at the collection site until he/she provides a complete specimen (45 ml) of up to two (2) hours.

The County Representative will instruct the collection site representative to discard the specimen and the bottle/collection used for the first void. The collection site representative will direct the donor to drink fluids and remain at the collection site and after a reasonable time, direct the donor to attempt to provide another specimen.

If the reason for the test is a Post-Accident or Reasonable Suspicion situation, the donor will remain at the collection site until he/she provides a complete specimen (45 ml) or up to eight (8) hours. If the specimen is unable to provide the complete specimen and the established waiting time has elapsed, the collector representative will notify the County representative that the collection was not completed and document the time and circumstances. The employee/donor recollection procedures must comply with procedures in accordance with "Direct Observation Procedures". Any employee/donor who refuses to comply with any of the provisions of this program, such refusal shall be treated as a positive test and shall result in immediate discharge of the employee. The recollection of a "Shy Bladder" situation shall be eligible on a one-time basis. Refusal to remain at the collection site shall be treated as a positive test and shall result in immediate discharge of the employee.

L. Arrest or Conviction Under Criminal Controlled Substance Statute: Employees must notify, in writing, the director of personnel within twenty-four (24) hours of any arrest or conviction of a criminal controlled substances statute.

M. Searches and Inspections: Whenever the County suspects that an employee's work performance or on the job behavior may have been affected in any way by alcohol or controlled substances, or if the County suspects that the employee has sold, purchased, used or possessed alcohol, controlled substance or controlled substances paraphernalia on County property, the County, or any of its clients, customers and agents, may at any time and without advanced notification, conduct searches and inspection of the employee, the employee's locker, desk or other County property under the control of the employee, as well as the employee's personal effects or automobile on the County's property. Such searches and inspections may be conducted by trained dogs, supervisors or other agents.

N. Employee Voluntary Alternative: An employee experience problem with drug and/or alcohol abuse may voluntarily seek counseling and assistance in overcoming the problem. In such cases, the action shall be brought to the attention of the supervisor and/or Judge Executive and shall be treated as confidential and shall not become part of the permanent personnel record of the employee. Depending on the ability of the employee to perform the normal work of the position, the employee may be allowed to continue to work during the counseling and/or rehabilitation period or may be required to take a paid or unpaid leave of absence at the discretion of the department supervisor and/or the County Judge Executive. The alternative must be exercised prior to being selected for random drug or alcohol testing and may be used only one time with an employee.

O. Employee Exemptions: The following County employees are exempt from these personnel policies and procedures:

e. All elected officials and the personnel engaged by them to carry out the duties of their respective offices; however, the employee's participation in the policy is based upon the elected official's responsibility of cooperation and encouraging cooperation of the Administrative Code as witness by their signature on this document.

f. All members of Board and Commissions of the County.

g. Consultants, Advisors and Counsel rendering temporary professional service.

h. Independent Contractors.

i. Employees made available to County by other agencies.

P. Transportation: Transportation to and from the collection site for random drug testing is the responsibility of the employee and mileage will be paid. Employees are to report to the collection site during their normal working hours and will be paid their regular wage for the time involved.
